

PRESS RELEASE

Gessate (Milan) , 10 February 2012

NEW CORPORATE BROCHURE “GRUPPO ATURIA”

“Long considered to be among the most important pump manufacturers, Gruppo Aturia S.p.A. is a leading provider of fluid transfer technologies to the manufacturing, fire fighting and water distribution industries. Thousands of pumps supplied stand testament to the DNA of our Company, which has always strived for quality and innovation at the top end.

Since Mr Stefano Gallieni (CEng) took the role of CEO of Gruppo Aturia S.p.A. in March 2011, the company has begun a strong market orientated renewal process designed to combine modernity, efficiency and customer service with our established experience in product design and manufacturing.

It is therefore timely that the international image of the company reflects this process, and we are pleased to send you the new Gruppo Aturia S.p.A. general brochure, representing the first change in marketing communication towards the new business strategy and vision.”

Ing. Stefano Gallieni
CEO Gruppo Aturia S.p.A.
